

ASBESTOS NOTICE

The Board of Education, Uintah School District, in order to comply with the Asbestos Hazard Emergency Response Act (AHERA) of 1986 has conducted 6-Month Surveillance and reassessment of all schools. A 3-year re-inspection was conducted January through March 2011. Copies of management plans are on file at the District Office and each individual location for public review. Questions and/or comments are welcome and should be directed to the Assistant Coordinator of Uintah School District Maintenance, Donny Laws.
