

# Uintah School District

*“Success for Every Student”*

## District Commitments

### School is a place that is...

**Absolutely Safe,**  
*where:*

The staff and administrators are visible.  
Everyone knows how to keep themselves and others safe at school.  
Everyone is happy to be at school.

**Based on the Core Values,**  
*where:*

We treat people and do things around here with:  
Professionalism; Accountability; Unity; Purpose; Integrity

**Collaborative,**  
*where:*

Continual, deliberate and purposeful collaboration results in  
well-orchestrated teaching throughout the school.

**Driven by Results,**  
*where:*

All decisions are justified by meticulously documented data that is  
displayed on the wall somewhere.

**Empowering,**  
*where:*

Staff and students willingly take risks and own results;  
There is no micromanagement.

**Focused on Learning,**  
*where:*

We know who's getting it and who's not all the time and  
We take care of everybody.
