ASBESTOS NOTICE

The Board of Education, Uintah School District, in order to comply with the Asbestos Hazard Emergency Response Act (AHERA) of 1986, conducts a 6-Month surveillance and reassessment of all schools. Uintah School District also conducts a 3-year re-inspection and reassessment as required, of all schools. Copies of management plans are on file at the District Office and each individual location for public review. Questions and/or comments are welcome and should be directed to the Coordinator of Uintah School District Maintenance, Donny Laws.
